Flock's database can be searched using
natural-language descriptions for things

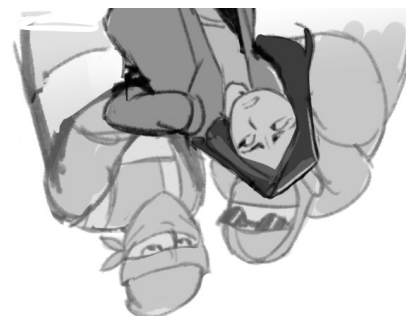

Flock cameras track your every move!

Civil Liberties

ALPRs continuously identify, track, and analyze movements across entire cities. They store and connect huge amounts of data over time, generating a detailed pattern of your life.

Fourth Amendment

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

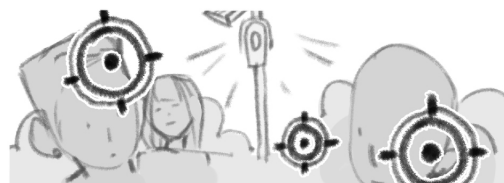

Have You Been Flocked is using the Freedom of Information Act (FOIA) to highlight the dangers of Flock cameras. Their search tool shows Cobb County is working with ICE agents, using it to find disorderly conduct, and tracking protesters.

Cops use Flock Data for Immigration, Protests, and non-criminal complaints

Absolute Power Corrupts All

ALPRs are ripe for abuse by crooked cops and nearly impossible to escape once they designate you as a target.

- **Georgia**- Marci ex-boyfriend always knew where she was. Flock had given **Police Chief Steffman**, the power to silently monitor her life. "**Have I Been Flocked**" showed he had searched for her more than **600 times**.

- **Texas** sheriff's deputy used 83,000 Flock ALPRs to track a woman who had allegedly had a medication abortion at the request of her abusive partner.

What is Flock?

Flock Safety is the most widespread surveillance network in American history. Their ALPR cameras are capturing details of every vehicle that passes in more than 5,000 communities across 49 states. This private for-profit company sells your data to police departments, private business, and HOAs.

What are ALPRs?

Automated License Plate Readers that use AI power to turn images into text. These cameras capture and analyze images of every vehicle that passes, storing details like your car's location, date, and time.

Driver and passengers too!

They also capture your car's make, model, color, and identifying features such as dents, roof racks, and bumper stickers, often turning these into searchable data points.

Flock cameras track your every move! They know your doctor's office, your church, your friends, your politics, & your protests!

What can we do?

Cities and Counties have been canceling their contracts thanks to citizens like you showing up to City Council meetings, writing letters, making phone calls, and protesting.

Democracy doesn't defend itself!
